A hearty WELCOME to The PN-Connection!

N-E-W! => VIDEO E-Mails! - Dr. Rob Robertson and his son Rob have been working on a very important project over the past two years. In my opinion this system could explode your business!

Dr. Rob has created ten (10) professionally made VIDEO E-Mails. These e-mails cover a range of subjects - from the immune system - medical conditions - and Transfer Factor. Communication is a very important part of a successful enrollment. How many of you have felt inadequate in explaining the need for TRANSFER FACTORS - and how the product works?

Now you don't have to. You can e-mail your prospect a professionally created VIDEO E-Mail that explains it for you! Can you imagine the potential of this system?

For only **\$19.95 per month** you can send these VIDEO E-Mails to anywhere in the world. The video stays active for 72 hours.

You can enroll at www.ClipSender.com. Many of you have requested this system and been waiting for it. You can enroll now! The explanation page is being rewritten for clarity.

Due to a lack of an explanation page before you enroll - Dr. Rob is offering a 30-day satisfaction guarantee. This means you can test drive it - and if it doesn't meet your need or expectation - your money will be refunded! I test drove it tonight and I love it!

I suggest that you jump on this now! The season is just starting and this will be one more tool in your tool box that has great potential. The following are VIDEOS that are available. You download them into your e-mail and in seconds your prospect or downline partner is listening to a professional explanation of what we are about. Mike

IIII Editor's Corner:

(Naomi / PN Director of International Relations)

PERSISTENCE is Priceless in Network Marketing

A recent movie on Disney Family Channel told the story of a young man that had the chance to go back and re-live the last 3 days of his young bride's life who was tragically killed in an accident.

Time, that elusive commodity that seems to disappear like a vapor into thin air.

Time never gives refunds, thus demands of us the seemingly impossible, how do we use our time?

Are you a drifter? Do you find yourself simply drifting through your days as life happens around you, or do you find yourself directing your days as the conductor of your time orchestra?

Why is it, that we can go for 25, 30, 45, even 50 years, and still not be financially free - YET when we begin our own Home-Based Business, we are ready to quit if the money isn't rolling in within 6 months, or a year, or even 3 years?

The point is, your future is YET to be made.

We may as well make it up today, and make it up the way we WANT it to be, by taking control of our time, now, today, this moment.

You decided to become a part of a business, where you can write your own check - but have you COMMITTED to building that business?

Are you re-committing each and every day?

Before each phone call, before each e-mail contact - before talking to each prospect - have you committed again that you are going to decide your future?

The only difference between you and each Presidential - and each International Diamond - is that you just need to keep giving your business the time to get there.

The late Babe Ruth had a habit of taking his bat and pointing it to the home run fence. It was his way of saying, "I'm going for the wall." He did this continually, although he struck out more times than most people. Although Babe struck out the most, he never, ever stopped pointing his bat at the far wall, and TODAY, he is known as the home run King, not the strikeout king.

Many have made the statement - "yes, I tried Network Marketing - but it just doesn't work for me."

However, we see daily the examples of young people, middle-aged and mature adults as well - that prove that it works, if WE WORK the networking.

Everyone practices Network Marketing. From the moment you say - "you have to read this book" - to "you'll want to try this recipe," we all are Network Marketers, although some will not be paid for it.

To realize the value of one MINUTE, ask the person who has missed a train, plane or bus.

To realize the value of one SECOND, ask the person who has survived an accident.

To realize the value of a MILLISECOND, ask the person who has won a Silver medal in the Olympics.

TIME waits for nobody, we all know that.

Treasure the time you have now - you will not have that time again.

Be blessed! Naomi
