4Life Launches 'FOUNDATION 4LIFE' - Salt Lake City, Utah (July 10, 2006) - 4Life Research launched the 'Foundation 4Life' - a non-profit organization dedicated to philanthropy wherever 4Life conducts business. An inaugural donation of \$75,000 was presented to La Casa Rosada ("The Pink House"), a well known Catholic orphanage for HIV-positive children in Santo Domingo, Dominican Republic. Co-Founder, Bianca Lisonbee: "Thanks to diligent 4Life Distributors and our focused corporate leadership, our science and success are known worldwide. With today's inaugural donation of the newly formed Foundation 4Life, we look forward to an intense focus on service around the world."

4Life - A Philosophy of Principles and Integrity - Like a green, thriving tree, with branches that reach ever higher into the sunlit sky - but with roots that sink deep into the nutrient-rich earth - 4Life is dedicated to growth based on sound, deep-rooted principles. 4Life will continue its global expansion. It will press forward with its commitment to take Transfer Factor to the World. But 4Life will never abandon the principles of integrity, honesty and generosity that have brought it success in the past. It is the reason for its current success, and it is the force that will ensure its success in the future.

TIMING - This is about being in the RIGHT place - at the RIGHT time - with the RIGHT opportunity. With all of the Success Factors that are already in place (see below) - there is NO "best time" to build - whether it's - summer - fall - winter - or spring - it's the same thing.

ALL of the factors are in place for success - every piece of the puzzle is tightly fitted together:

- (1)- The product sector (health/wellness industry - \$ trillion, forecasted)
- (2)- The company (management / owner paradigm / mission / strong 6+ year growth)
- (3)- The products (exclusive / patented / efficacious / safe / proven longevity)
- (4)- The compensation (balanced / fair / compressed / attractive [overrides - bonuses ++)
- (5)- The corporate support (toll-free lines / audios / videos / cd's /marketing materials)
- (6)- The PN Upline support (FREE websites / training / marketing systems / 30+ consultants / ++)

IIII Editor's Corner:

(Mike Akins - PN Founder // 4Life Gold International Diamond)

))) - a CALL to ACTION!

Urgent Request from 4Life CEO!!! - Hi valued team members. This is an important time for ACTION. The FTC (Federal Trade Commission) has proposed a "Business Opportunity RULE" that could have grave consequences for our Network Marketing industry (and the livelihoods of many). Time for action has almost run out. We appreciate that the FTC wants to make rules that will protect consumers, but sometimes such rules are too broad in their reach.

David Lisonbee has e-mailed us a suggested LETTER to send to register our protest. You can change it a little for a personal touch, or use it like it is. All votes to SQUASH this are urgently needed - and the deadline is almost up.

This RULE (proposed) is considered my most industry Leaders to be the single most serious crisis facing us since the 1979 Amway court case. The **DSA** (Direct Selling Association) - the **MLMIA** (Multi Level Marketing Association) - the **DRA** (Distributor Rights Association) - and the CEOs of all the major MLM Companies - are fighting this vigorously. Now we need YOU to join in.

There is nothing so powerful as the 'banding together, of the PEOPLE - our citizens - to register an enormous voice of PROTEST against unfair and unreasonable RULES that could have a staggering effect on all of us. In 1994, when the FDA (Food & Drug Association) tried to take away our free right to critical information on Nutritional Supplements, the public raged such an outcry that Congress passed the DSHEA (Dietary Supplement Health and Education Act), to guard us against such infringements (yet, we need to remain vigilant on this!).

I know you'll agree that, what we have our hands on in this industry is the finest business model ever created by the human mind - that there's NO business concept anywhere in the world that even begins to compare with MLM.

We need to act together to PROTECT it against the Govt. Burearocrats that wish to destroy it. There is STRENGTH in "numbers" - and it's the beauty of our Free Society that we're able to speak out forcefully on such urgent issues.

Thanks, Mike Akins
