))) - Our PN Family => RECORD GROWTH in Oct!

The PN family experienced an all time record this month both in the USA and Internationally. We the PN staff would like to congratulate each and every one of you for sharing in this unfolding miracle. If what has been reported to me is correct our worldwide team in October broke the record by more than 300,000LP.

Why would I call this a miracle? One definition of "miracle" is an extremely outstanding or unusual event, things, or accomplishment. In my life I have observed so many people in my life that struggled with health conditions. I have seen individuals consume tons of nutritional products along with traditional medical assistance but their conditions were beyond help. Loved ones slowly endure the pain of watching a loved one suffer and then die.

So what does this have to do with transfer factors? I have worked with hundreds of nutritional products in my Nutritional Therapy Program for many years. I have never found any other natural product come close to what transfer factor can do for the suffering.

I personally know dozens of individuals that have been delivered from suffering and even death through transfer factors. These are individuals that I believe would not be her if it were not for "an extremely outstanding or unusual event, things, or accomplishment." (Webster's definition) This is part of what I meant by an "unfolding miracle."

The reason I use the terms "unfolding miracle" is because this opportunity is a vessel through which transfer factor is reaching more and more people everyday. Will it solve every health problem? No. Can you still get sick when you consume transfer factors? Yes, but many will be better off, spared suffering and even death because someone like you either consumed transfer factors or shared it with someone else.

If you are consuming transfer factors, you are blessing your loved ones along with yourself. If you are marketing transfer factor, you are making some kind of difference in someone's life. There is one thing that I know and that is when you consume transfer factor some thing good is happening to your immune system.

There is another side to this miracle. Because this product is so effective and not some marketing spin, people's lives are being changed in another way, financially. The financial vessels leads to freedom of time, college for the kids, less stress, a better retirement, more time with the kids, making a difference and even discovering yourself a little bit more.

Every bottle of transfer factors represents another potential miracle. Every dollar made from sharing this wonderful product is another step in the unfolding miracle.

Why am I so excited about a 300,000LP increase in sales? This possibly represents 30,000 to 60,000 thousand more people that are consuming transfer factors. Why am I so excited about a 300,000LP increase in sales? This could mean one more Gold International, 12 more International Diamonds, 24 more Presidential Diamonds and 48 more Diamonds and a host of grassroots distributors earning \$1,000, \$500, \$400, \$300, \$200 and \$100 more per month. Lives are expanding.

I invite you to join me in rejoicing for all that were blessed by this miracle. I invite you to be a part of next month's miracle. With 39 years of experience in MLM and nutrition, I can assure you that no other product and opportunity has this potential. We surely are blessed! Mike
